Profile

UI/UX Designer with 9+ years of experience shaping user-centered digital products across enterprise and startup environments. Experienced in translating complex business and technical requirements into clear interfaces, scalable design systems, and production-ready web and mobile experiences. Combines product thinking, visual craft, and close collaboration with engineering teams and stakeholders.

Experience

- **Principal Specialist, Software Developer**
Pratt & Whitney · Bengaluru, Karnataka

Jul 2026 – Present

 - Spearhead end-to-end design of enterprise web applications in collaboration with US stakeholders, improving data accessibility and increasing stakeholder engagement by 50%.
- **UI/UX Designer**
PruTech Solutions · Bengaluru, Karnataka

Sep 2025 – Jun 2026

 - Led UX redesigns of enterprise platforms using Nielsen’s heuristics and interactive Figma prototypes, improving usability, clarity, and stakeholder alignment.
- **Trainee Decision Scientist | UI/UX Designer**
Mu Sigma Inc. · Bengaluru, Karnataka

Mar 2023 – Mar 2025

 - Designed enterprise dashboards and web portals for Citigroup, Walmart, and Kellogg’s; benchmarking and UX audits improved data accessibility and stakeholder engagement by 20%.
 - Redesigned complex internal dashboards using Nielsen’s heuristics and interactive Figma prototypes, boosting task completion by 40% and improving clarity through structured stakeholder feedback.
- **Freelance Graphic Designer**
Self-employed · Angul, Odisha

Nov 2022 – Mar 2023

 - Created brochures, banners, and social media assets in Figma and Adobe Creative Suite, strengthening brand consistency and increasing customer engagement by 25%.
 - Turned client briefs into brand-consistent designs through wireframing and iterative prototyping, reducing revision cycles by 40%.
 - Optimized web assets in Photoshop, reducing image load times by 30% while preserving visual fidelity.
- **Lead UI/UX Designer**
FullThrottle Labs · Bengaluru, Karnataka

Aug 2019 – Aug 2022

 - Managed three designers delivering responsive web and mobile platforms for HR and productivity SaaS products, improving usability scores by 20% through iterative testing and client feedback.
 - Built detailed wireframes and interactive Figma prototypes for complex dashboard modules, reducing front-end bugs by 20% and improving design-to-development accuracy.
 - Used usability sessions, qualitative research, and A/B testing to guide iterations that increased feature adoption by 15%; implemented responsive, WCAG-compliant design systems.
- **User Interface Designer**
WemakeAppz Technologies · Bengaluru, Karnataka

Jan 2017 – Apr 2019

 - Led UI/UX and graphic design for mobile apps and landing pages across fintech, food delivery, and local business search, accelerating delivery by 15% and improving client satisfaction.

Education

- **B.Tech, Computer Science & Engineering**
Trident Academy of Technology · Bhubaneswar, Odisha

2014
- **Diploma, Computer Science & Engineering**
Kalinga Institute of Mining Engineering & Technology · Angul, Odisha

2011

Skills

Product design

- User experience and interface design
- Enterprise dashboards
- Responsive web and mobile design
- Design systems
- Wireframing and prototyping
- Visual design and branding

Research and methods

- User research and usability testing
- Heuristic evaluation
- A/B testing
- WCAG accessibility
- Stakeholder collaboration

Tools

- Figma
- Adobe Illustrator
- Adobe XD
- Adobe Photoshop
- Adobe After Effects
- Framer
